 - Photoshop skills

EXPERIENCE

11/2023 - 01/2024

Architecture Intern

Xiamen University Architectural Design and Research Institute

- Xiamen, Fujian

Contributed to urban regeneration projects, including the renovation and redesign of an aging residential community, enhancing spatial quality and livability.

Assisted in the design of nursing home wards and produced high-quality 3D visualizations to communicate interior concepts effectively.

Supported the revitalization of a community service center, focusing on improving accessibility and user experience.

Participated in the design and planning of a public park, integrating local ecological elements with modern landscape strategies.

Created conceptual drawings, renderings, and planning reports using SketchUp, Revit, AutoCAD, and Enscape.
